

Benefits of Membership

"Our experience to date has exceeded our expectations and, interestingly, has changed our perception of the significant value of TAGLaw to us. While we have been fortunate and have received several referrals, our membership has been most valuable by allowing us to place many of our clients with top law firms and lawyers in other jurisdictions. An additional, and unanticipated benefit, has been the ability to expand our perspective and knowledge of what is happening and how things are handled in other parts of the United States and the world. We believe that this broadened awareness and knowledge has made us better lawyers and benefited our clients in the process."

Roger A. Myklebust
Executive Committee, Ryan, Swanson & Cleveland,
Advisory Board Member for TAGLaw

"TAGLaw to me is a network of enthusiastic, high quality law firms who very clearly want to do business together. It presents a real opportunity to learn from others, to refer clients to trustworthy lawyers abroad, to maintain or establish international proficiency within your own organization, to benefit from inbound referrals, to gain friends. This opportunity of course must be taken. What you get out of it, depends on what you put in to it."
