How to get to Mannheim

Nearest airport is Frankfurt Rhein-Main Airport (about 80 km north of Mannheim). From there take the ICE train leaving from Frankfurt Flughafen Fernbahnhof heading Stuttgart. Next stop is Mannheim Hauptbahnhof from where taxis will bring you to your hotel.

Specialty Group Meeting
IP Law

Mannheim, September 16 - 18, 2011

ROWEDDER ZIMMERMANN HASS

RECHTSANWÄLTE

Welcome to Mannheim

Rowedder Zimmermann Hass is looking forward to host the second TAGLaw IP Specialty Group Meeting.

The conference will focus on the project to implement an unitary patent protection system and an unified patent jurisdiction in Europe. The conference will also place emphasis on the enforcement of claims for damages after IP infringement within the different European jurisdictions.

Of course, we will also use the opportunity to get together, share thoughts and ideas and to explore Mannheim - the place where modern individual transportation was born as Karl Freiherr von Drais invented the bicycle in 1817 and Carl Benz invented the car exactly 125 years ago.

Welcome to Mannheim! Welcome to one of the most innovative regions in Europe!
